

# Fårösund

## Timetable 2024

- Passage 2,5 hours. The boat normally traffics the route Nynäshamn-Sandön-Fårösund and back. Depending on the weather, there may be time delays along the way.
- **Note** that week 26, 27 and 28 the boat traffics the reverse route, i.e. starting in Fårösund. These weeks it is possible to go on a daytrip from Gotland.
- Passengers shall show up by the boat for check-in according to the times below. Departures from Sandön can vary both in time and location. Therefore, on the day of departure, it is posted on the islands notice-boards what applies to the return journey.
- All baggage is loaded by hand by the passengers, so the **maximum allowed weight per unit is 15 kg**. The number of units is unlimited. Bulky goods (bicycles, surfboards, etc.) costs SEK 300 per unit and is payable at boarding.
- Bring provisions for a couple of extra days (not those making a daytrip).
- Note that in case transport between ship and shore must be done with rubberboat, the timetable can be displaced one or a couple of hours at the end of the day. The main rule is embarking/diseimbarking via gangway at Las Palmas on Gotska Sandön. Weather decides.
